

CopperString 2032 Industry briefings

Be at the forefront of major project news, learn of regional supply chain opportunities and connect with businesses keen to collaborate

About this event

The Department of State Development, Infrastructure, Local Government and Planning (DSDILGP) and Powerlink invites you to an industry briefing event around opportunities for regional businesses in North and North West Queensland.

Powerlink in partnership with UGL CPB Joint Venture are seeking expressions of interest from local suppliers across the following:

- Camps
- Civil works
- Fencing works
- Environmental services
- Green procurement innovation
- Haulage and logistics
- Indigenous Enterprises
- Training and employment
- Regional manufacturing
- Road building
- Social Enterprises
- Trades
- Vehicles

Conducting market testing is part of a strategy to ready the market for procurement and put local and regional suppliers on a clear pathway to having full, fair and reasonable opportunities as required under the Queensland Local Content Charter.
